An Investigation into Perth's Secret-Societies Pedophile Rings

I wish to bring to your attention the numerous major criminal elements whom I personally witnessed and encountered, frequenting the CHOGM weekend 'Occupy Perth' campaign in Forrest Place on the 29th, 30th and 31st of Oct 2011.

I am an independent human rights investigator and activist involved in publicly exposing the criminal activities of corrupt elements within various governmental organizations in Australia.

One of my main areas of research and investigation is the sinister elements within certain compartmentalized circles in the Freemason Secret Societies Hierarchies who are involved in running their own pedophile rings.

This is a Worldwide Network of Child Sexual Abuse and subsequent cover-ups.

It is inextricably interlinked with high level corrupt Government Intelligence (A.S.I.O.), Government Officials, Politicians, Police, and the Judiciary.

Whilst publically campaigning and distributing my researched information over this weekend, I encountered and witnessed at least around 25 undercover government agents (of whom I have several photos) who perpetrated various modalities of harassment, intimidation and threatening tactics against my person, for publically exposing their crimes.

I have no doubt that some of these agent provocateurs previously had no knowledge of the sinister pedophile rings they are involved in protecting.

However I also know categorically that many of them are directly involved in these child abuse rings and are Australia's most dangerous pedophiles. This was not the first time I have encountered these secret-society psychopathic pedophiles and I know it will not be the last.

I believe that at least some of these pedophiles I encountered over this weekend are directly involved and interlinked with the serial pedophile Freemason, Dennis McKenna who was recently jailed for sexually abusing dozens of children over 15 years whilst in the 'care' of managing the Katanning Boys Hostel. One young boy eventually killed himself due to the lack of intervention and justice for the constant traumatic abuse he endured.

It is now a well publicized fact that 'Citizen of the Year' McKenna was able to abuse these children for so long with impunity due to his and his 'self proclaimed' (Masonic) 'friends in high places' (counselor associates), constantly threatening and intimidating witnesses, as well as the boys who were abused. If you are presently unaware, there are still more cases of McKenna's abuse being further investigated, hopefully by non-corrupt W.A. Police.

Due to the fact that "Concerns raised at the communities highest level went nowhere" and "Senior public servants, Counselors and the W.A. Police took 5 years before any action was taken" (*Weekend West Newspaper 5-6 Nov 2011*) it is clearly obvious that McKenna was not acting alone.

Is there presently a Royal Commission Investigation into who his 'accomplices' are, to compensate McKenna's victims of abuse and also to protect any more children from high level secret-society pedophile members being infiltrated into 'child care organizations' and to be consistently protected by government officials at the highest level?

If not, when does this investigation commence?

I know categorically, I can help to expose many of these agent provocateur/pedophiles who were in Forrest Place over this weekend.

There are male and female operatives involved. They infiltrate in many forms and disguises.

One particular government agent who had been assigned to infiltrate my presence on a number of occasions while I was distributing my flyers to the public, arrogantly told me directly he was involved in undercover surveillance and worked closely with a particular High level Police Officer in Perth, whom he refused to name. Although he admitted to me that 'he knew' of the existence of the Masons Pedophile Networks, he denied to me that neither of them were directly involved. I Know he was Lying.

I strongly request a copy of the archived CCTV footage pertaining to the particular area around the 'Occupy Perth Group', In the Southern location of Forrest Place on this weekend.

I know that by my determining the numerous pedophile/agent provocateurs and your subsequent follow-up footage of their collaborators and 'handlers', Australia's most dangerous pedophile rings can be publically exposed and destroyed and all perpetrators and their 'associates of protection' brought to Justice.

I await your reply.

Yours Sincerely,

George Hardy Farquhar (Independent Human Rights Investigator)
