

Free Speech Harassment

By George Hardy Farquhar

Millions of \$ of public money pays for Military Intelligence Black-ops Agent Provocateurs to Harass, Intimidate, Provoke, Assault, Threaten and Criminalize toward maximum security Imprisonment. Also to instigate arrest and incarceration a psychiatric unit to be forcibly injected with Physical and Neurological poisons to "change the clear thinking" and ethical values of the 'target'.

Finally when the above fails, to Eliminate (Assassinate) those who choose to freely and peacefully speak their truth on their direct experience and researched knowledge – on numerous government Clandestine Crimes and Corruptions.

All these corruptions are directly linked to the world's government hierarchies collective intentions, in the near future, to eliminate mass numbers of the worlds populations. (90% Genocide)

This Clandestine Agenda Has Already Started

[They are criminals and assassins of the most despicable kind.](#)
[A danger to the wellbeing and safety of Everyone.](#)
[Man - Woman and Child.](#)

Each and every one of them WILL be held accountable for their crimes against Humanity. It is only a matter of time.

Since my direct involvement in publically exposing numerous Government crimes as a Independent Truth Activist over the passed 12 years, I have experienced all of the above. With of course the exception, of their 'Final Solution' to 'Silence the Target' – Assassination.

Ironically however – instead of forcing me to 'back-off' – these Black-ops tactics have only served to empower me. The more I am threatened and attacked the more Empowered I Become..... Funny that!!
