

Top Ex-Perth Police Officer Wanted!

West Australian Police Pedophile Ring Uncovered

Case Closed - Information Destroyed

While researching Masonic Police Pedophile Rings in the U.K. in 2002 I came across a Document were a Senior Perth Police Officer was assigned to investigate a Perth Pedophile ring a few years earlier.

When this cop found out that many of Perth's prominent members of society were directly involved (Freemasons), he informed his hierarchy about his findings.

He was told to "back off". The case was closed.

He soon thereafter resigned from his position.

This investigation stinks of a Masonic involved Pedophile Ring, systematically covered up – just like all the rest are – Throughout Australia and Worldwide.

If anyone has information on this Ex-Police officer or on this particular case, please contact me so I may investigate further.
